## KEY GOVERNMENT PORTALS FOR MANAGING YOUR BUSINESS IN SAUDI ARABIA

### Ministry of Investment of Saudi Arabia (MISA)

The Ministry of Investment of Saudi Arabia offers comprehensive advisory services to businesses planning to invest in Saudi Arabia. Through this portal, businesses can apply for investment licenses, amend licenses, issue General Manager (GM) Visas, and receive guidance on business expansion.

### Chamber of Commerce - Riyadh (CoC)

The Chamber of Commerce – Riyadh supports companies by activating business accounts, managing business information, and providing e-document certification. It plays a pivotal role in representing the business community in Saudi Arabia.

### Ministry of Labour (MoL)

The Ministry of Labour regulates labor laws, ensuring that the rights and obligations of employers and employees are upheld. This portal is essential for managing employment-related matters and ensuring compliance with labor regulations.

## General Authority of Zakat and Tax (GAZT)

The General Authority of Zakat and Tax (GAZT) under the Ministry of Finance provides e-services for tax and zakat collection, a religious wealth tax. This portal is vital for managing your business's tax obligations efficiently.

## Saudi Post (SPL)

Saudi Post offers postal, logistics, and shipping services both domestically and internationally. It assists businesses in registering office addresses and provides services like P.O. BOX registration, ensuring seamless logistics management.

## Electronic Platform for the Ministry of Human Resources and Social Development (QIWA)

QIWA is a digital platform offering all labor market-related services, including an interactive Saudization plan and certificate issuance. This platform is crucial for managing labor market compliance and strategic workforce planning.

## Payroll & Compliance System (Mudad)

Mudad is a payroll management system overseen by the Ministry of Labor. It monitors payroll compliance, tracks violations, and authenticates employment contracts, ensuring smooth payroll operations.

## E-service for Resident/Employee Registration (Muqeem)

Muqeem provides e-services for ex-pats, including visa services, resident registration, renewals, and other administrative services. This portal is indispensable for managing expatriate employees' administrative needs.

## Saudi Business Center (SBC)

The Saudi Business Center is a comprehensive business platform enabling businesses to manage government services, including commercial registrations, e-commerce authentication, and financial statement filings. This portal centralizes various business-related services, simplifying administrative processes.

## General Organization for Social Insurance (GOSI)

The General Organization for Social Insurance provides online social insurance services, allowing users to manage social-related activities and request certificates online. This portal is essential for managing social insurance obligations for your employees.

## Ministry of Commerce (MoC)

The Ministry of Commerce is the national portal for government services and information in Saudi Arabia. This platform is important for accessing a wide range of business-related government services and information.
